

TO PRIVATE SEWER  
IN LONDON ROAD,  
AND THENCE  
ONWARDS TO  
PUBLIC SEWER.

FROGHALL DRIVE RESIDENTS ASSOCIATION  
A SCHEMATIC MAP OF PRIVATE SEWER

- NOTES**
1. This is a map of the private foul sewers, based on the Borough Engineer's map of 08 APRIL 1981.
  2. The map is not drawn to scale. In reality, for example, 13 Priest Avenue and 24 Frog Hall Drive are opposite each other.
  3. Arrows show the direction of flow. The absence of connecting lines means that at the time of drawing this map it was not known where the houses in question joined the system.
  4. If anyone can add any further information - or thinks that this map is wrong - would he or she please let me know.

John Brown
